DAY 1 - Successful General Assembly

We are  **HYBRID** *plus*

On March 18-19, the **HYBRIDplus** consortium gathered for a productive **General Assembly**, ensuring the project stays on track !

Thanks to **great teamwork and efficient debottlenecking led by our coordinator Cristina Prieto (picture)**, the consortium is making steady progress toward the **construction of the pilot plant in Sevilla, starting September 2025.**

**A big thank you to all partners
for their dedication !**

THANK YOU !

COMING SOON :

**Tour of STAX's
metal wool factory**
